

Magic

Day1

They don't want static with me

They don't want static with me
I'm still broke, they don't want smoke
Yeah, they don't wanna have it with me
Got Kim K baes, they lovin' day
Yeah only the baddest with me
I'll take your bitch, abracadabra
I got the magic in me, I got the magic in me
They don't want static with me
I'm still broke, they don't want smoke
Yeah, they don't wanna have it with me
Got Kim K baes, they lovin' day
Yeah only the baddest with me
I'll take your bitch, abracadabra
I got the magic in me, I got the magic in me

I got the magic in me, savage in me
These bitches love Day1
They wanna live lavish with me
Got baggage with me
Dior and Louis Vuitton
I'm so bored of all of their songs
Check out the score try proving me wrong
Life is short, but my money too long
Try take it I'll get you gone
Said it's b-o-s-s tings
Different states to the trap like rings
Can't take a fall when I put my all in
'Cause my bro's still locked up in a wing
They don't want static, pull up, four, man, D let 'em have it
Show 'em the magic
They say you the magic (Yeah yeah)

They don't want static with me
I'm still broke, they don't want smoke
Yeah, they don't wanna have it with me
Got Kim K baes, they lovin' day
Yeah only the baddest with me
I'll take your bitch, abracadabra
I got the magic in me, I got the magic in me
They don't want static with me
I'm still broke, they don't want smoke
Yeah, they don't wanna have it with me
Got Kim K baes, they lovin' day
Yeah only the baddest with me
I'll take your bitch, abracadabra
I got the magic in me, I got the magic in me (Yeah)

If you talkin' smoke better back it, back it
You ain't gotta step with no mattress
Boy with the address, light 'em up matches
I hope the pigs don't catch us
They don't really want static trust me, anyone can have it (Anyone can have it)
My trigger finger so quick you'd have thought that semi was past the fourty
automatic

Stick and move
Grip and shoot
Just 'cause I rap don't get it confused
That's nothing new, get put on the news
They're running talks to the boys in the blue
We don't beef to the social
You better ask around local
Pick a park, pick an oval
We let it sing, no vocal

They don't want static with me
I'm still broke, they don't want smoke
Yeah, they don't wanna have it with me
Got Kim K baes, they lovin' day
Yeah only the baddest with me
I'll take your bitch, abracadabra
I got the magic in me, I got the magic in me
They don't want static with me
I'm still broke, they don't want smoke
Yeah, they don't wanna have it with me
Got Kim K baes, they lovin' day
Yeah only the baddest with me
