

# MBAPPÉ

Gangsters, drug dealers in the bando  
Wonder why we stay locked and loaded?  
Cops think we got Motorolas  
But our chat encrypted  
She wan' live la vida loca, yeah  
She hate it when she sober

She wan' live la vida loca, yeah

I could meet you out in Paris  
I could meet you Barcelona

You dwell in the past, oh true  
That's why you sip 1942 (Ha, true)  
Bring you round my guys, my goons  
Now you wanna say I gotta put you before the crew (Nah, why?)  
I don't wanna come across rude  
But you can't control me 'cause I'm not that dude  
You can't change my mood like I change my Loubes  
Stop the way I move 'cause I'm not that dude (Nah, nah)

Got 28 grams I'm tryna weigh but I got a French thing tryna stay and play  
I was tryna know you like we want Wraiths  
But you speaking French to me, I don't know what to say  
Girls like girls where I'm from  
Then they come around the crew, they wanna swing both ways  
She don't speak anglais, okay, okay  
But I still shoot my shot like my name Mbappé

Mba-Mba-Mba-Mbappé  
Je suis désolé, me no speak français  
I'm so-I'm so-I'm so-I'm sorry

Still they come bad, pop bottles, make payments  
Heard the good die young, basic  
Make a good girl bad so she stay lit

L'amour, ce n'est jamais gratuit  
Belle vue quand elle danse, on peut aller Paris  
Came through with the crew lil' baby "on me"  
One white, one black, two flavours or three  
Bro quick with the run like Mbappé  
I swear that it burns, got strikers on wings  
She come good with the baddest intentions  
She said she got dreams, tryna live it with me  
Always high 'cause I came from low  
Still sip Henny, Grey Goose on the go  
She don't do dates, she drink then she go  
Still tryna find racks, not a friend, not a ho

Love me my French girls, comment vas-tu?  
Got bella Latinas coming right through
