

One Time

Day1

One time, two times
Prolly make her mine by the third time, like
One time, two times
Prolly make her mine by the third time, like
One time, two times
Prolly make her mine by the third time

Aye, coming from that twenty-two
Six eighty-five with my usos, you know what we do
You ain't got the Glock, you will never fuckin' shoot
Light skin Caramello, baby come and take a scoop

From that B-N-E, not that S-Y-D
She like my style, she like my ice, yeah, she into me
A celebrity
Money showers in the back, yeah, she feeling me

Listen, see a cutie walk by, I say, "Mama"
Beat it up one time then I say, "Bye-bye"
My dawgs in my house like, "What's your Wi-Fi?"
Four one, double two, then a double C

If you know what I know, then you know what I mean
Baby, come and pull down those jeans
Pretty Davey and Billy on the scene, like
(Aye, what, holla)

Wait, one time, two times
Prolly make her mine by the third time, holla
One time, two times
Prolly, aye, prolly make her mine by the third time
One time, two times
Prolly, aye, prolly make her mine by the third time

I know you seen me with a bad bitch, it's a habit
If I'm talking to you then you know you're not an average
If a nigga talking shit, I'ma let him have it
I be with my block, posted up, we smoking cabbage

B-N-E, niggas know me, so
If I meet your friends, you ain't really got to show me
I ain't that Instagram nigga, that's the old me
I ain't fucking 'round with these niggas acting phony

Cheated on me and I don't give a fuck now
All your friends set me up someone like what's up now
Look at my options, which one should I cuff now
Look at my niggas, that's the ones I trust now

Listen, listen
Take your bitch three times, now she want to be mine
Fuck your bitch's inclined, declined, popping cherry
Now she reppin' b-signs, want to goof around, tryna to rewind
Yeah, she say you called, but she declined

Anytime, fucking bitches from the L-O 9
Got a tight circle, gotta keep it anti

And I, keep it litty on my left side
Right side, money moving, got to keep my eyes wide

Wait, one time, two times
Prolly make her mine by the third time, holla
One time, two times
Prolly, aye, prolly make her mine by the third time
One time, two times
Prolly, aye, prolly make her mine by the third time
