

Riding

Day1

Ridin, ridin'
Ridin' with you
Oh, bitch, I'm slidin', slidin'
I'm slidin' with crew

Ayy, tell 'em run these pockets up
Whole gang slide if they mockin' us
2020 vision, ain't no stoppin' us
Who in my city really toppin' us? There's none, ayy
Pull up to the scene then they run, ayy
I've been grindin' just the whole time, got my showtime
I was trappin' when it's home time, now it's my time
Got this girl up on my phone line tryna be mine
I'm a pretty motherfucker, I wasn't even tryin'
Free my brother D in the pen doin' time (Ayy, free him)
He don't wanna see me doin' all this crime (Too much crime)
He see me with my girl, so he know I'm doin' fine (Too fine)
But I'm still with the guys who be down to let it ride (Let it ride)

I feel like talkin' to you
Instead, I'm out with the crew
She know that four-one-two-two
She know that shit that we doin', oh no

I could be ridin', ridin'
Ridin' with you
Instead, I'm slidin', slidin'
I slide with the crew
I need to stay from violence, violence
But it keeps comin' through
They better stay silent, silent
Or end up on the news (News)

I could hit you in the DMs
Fuck I look like tryna be friends?
I could be your day one, I could be your weekend
But I ain't got time 'cause we really in the deep end
Is you down to ride for me? Yeah, yeah, yeah
Yeah, I see you as a bride for me (Yeah, yeah, yeah)
I'ma keep it real, no stalkin' me (Yeah, yeah, yeah)
But I love the way you ridin' me (Yeah, yeah, yeah)
Girl, is you down to ride?
'Cause you know I'm with the guys
And we down to let it slide
But I got you on my mind, uh

I feel like talkin' to you
Instead, I'm out with the crew
She know that four-one-two-two
She know that shit that we doin', oh no

I could be ridin', ridin'
Ridin' with you
Instead, I'm slidin', slidin'
I slide with the crew
I need to stay from violence, violence
But it keeps comin' through

They better stay silent, silent
Or end up on the news (News)
