

# Bullshit

DAY26

We on some new shit  
Day26

Your girlfriend done called you and got in your ear.  
Telling you that she saw me out clubbing somewhere  
With some other chick with long, curly hair  
Kissing and rubbing and touching all over her body  
She's lying, I wasn't, I swear

I could have who I want true,  
but damn girl I chose you  
I'm tryin tell you, believe me she's lying  
I'm not gonna beg, but I don't want you crying

If you only knew I was home all alone  
Not out in the streets  
But you think I'm on some bullshit  
I don't know what you think you heard, girl I ain't did nothing,  
Cross my heart, that's my word

If you only knew I was telling the truth  
I lied before, but so have you  
And that's some bullshit.  
Usually we just talk it out, baby, if it's that you're looking for a way out  
If so be a woman, just say it now  
Uuh, that's some bullshit, some bullshit

I'm supposed to be innocent until proven guilty, but girl, not with you  
How in the hell did you ever become so damn insecure?  
Maybe it's because of everything a nigga did before  
But you say you trust me and that we moved on  
I made the changes that you asked me for.  
I could have who I want true, damn girl I chose you  
I'm frustrated and tired cleaning this shit up  
If you ain't gonna listen then fuck it, I give up

If you only knew I was home all alone  
Not out in the streets  
But you think I'm on some bullshit  
I don't know what you think you heard, girl I ain't did nothing  
Cross my heart, that's my word

If you only knew I was telling the truth  
I lied before, but so have you  
And that's some bullshit.  
Usually we just talk it out, baby, if it's that you're looking for a way out  
If so be a woman, just say it now  
Uuh, that's some bullshit, some bullshit

What's the real reason you want to leave?  
Go ahead and spit it out  
Gotta be more to this story  
And I'm tired of trying to figure it out  
All damn night I be wracking my brain  
Tryin make some sense out this bullshit you been saying  
But I'm fed up, I can't take this shit no more  
I said it once, ain't gonna say it no more

If you only knew I was home all alone  
Not out in the streets  
But you think I'm on some bullshit  
I don't know what you think you heard, girl, I ain't did nothing wrong,  
Cross my heart, that's my word  
(Cross my heart and hope to die babe)

If you only knew I was telling the truth  
I lied before, but so have you  
That's some bullshit.  
Usually we just talk it out, baby, if it's that you're looking for a way out  
So be a woman, just say it now  
Uuh, that's some bullshit, some bullshit
