

Russian Roulette

DAY26

Oh no no no (whoa)
Oh no no no (yeah)
Oh no no no (whoa)
Oh no no no

Have you ever had a feelin' for someone
But the one that you had it for
Wasn't the one that you loved
What am I doin'
I didn't know that I could love again
Starting to lose control of my soul (my conscious, my conscious)

Someone has to smile, someone has to cry
Someone has to live, someone has to die
This love, love (Russian roulette, Russian roulette)
This love love (Russian roulette, Russian roulette)
Someone has to lose, someone has to win
Someone has to start, someone has to end
This love, love (Russian roulette, Russian roulette)
This love, love (Russian roulette, Russian roulette)

Either way you gotta make a decision (oh)
I feel like my heart is on a mission (mission)
What am I doin'
I didn't know that I could love again
Starting to lose control of my soul (my conscious, my conscious)

Someone has to smile, someone has to cry
Someone has to live, someone has to die
This love, love (Russian roulette, Russian roulette)
This love love (Russian roulette, Russian roulette)
Someone has to lose, someone has to win
Someone has to start, someone has to end
This love, love (Russian roulette, Russian roulette)
This love, love (Russian roulette, Russian roulette)

Oh no no no (whoa)
Oh no no no (I don't know if I'm comin or goin, noooo)
Oh no no no
Oh no no no (oohhhh)

Take the bullets out the gun but leave only one
This might be the last time I see the sun yeah
Then I close my eyes my life flashes by yeah
And I pray the barrels blank, but it's a chance I gotta take

Someone has to smile, someone has to cry
Someone has to live, someone has to die
This love, love (Russian roulette, Russian roulette)
This love love (Russian roulette, Russian roulette)
Someone has to lose, someone has to win
Someone has to start, someone has to end
This love, love (Russian roulette, Russian roulette)
This love, love (Russian roulette, Russian roulette)
