

This Christmas

DAY26

Watching the snow fall by the moonlight.
Got you wrapped up in my arms, girl it's so right.
(Mm) No place I'd rather be on this night.
Girl I got my private party all over your body, now.

This Christmas, something, let something, I'm feeling something different I
want to try.
Like me & you -
Kissing each other, under covers, candlelight (Yeah)

Looking at the tree, there's so much there.
But I wish I could wrap you up and put you under there.
Cause that's all I want is you, that's all I want is you.
That's all I need is you, that's all I need is you.

This Christmas is all about the little things.
(Christmas) So I'll put you before everything.
This Christmas, this Christmas, this Christmas (Christmas)
It's Christmas and it'll never be the same again.
(Christmas) Girl it's something about this -
Christmas, this Christmas, this Christmas.
(Christmas, with you)

Let me be the first to say it's been rough
We're always breaking up then we're right back together.
Everything you did I took for granted.
You couldn't stand it, now we're making it together.
Picture us hugging and kissing under the mistle toe (Toe, toe, toe)
I'ma eat you up like the cookies that get left for Santa Claus (Oh)

Looking at the tree, there's so much there.
But I wish I could wrap you up and put you under there.
Cause that's all I want is you, that's all I want is you.
That's all I need is you, that's all I need is you.

This Christmas is all about the little things.
(Christmas) So I'll put you above everything.
This Christmas, this Christmas, this Christmas (Christmas)
It's Christmas and it'll never be the same again.
(Christmas) Girl it's something about this -
Christmas, this Christmas, this Christmas.
(Christmas, with you)

If I could wish upon a star tonight.
I wish you'd be in my life forever.
Baby nothing's ever felt so right.
This Christmas, lets cherish the time together.
Baby all that really matters to me is right here, right now.
Finally figured it out.
(You-ooh) The greatest gift of heaven is you.

This Christmas is all about the special things.
(Christmas) So I'll put you before everything.
This Christmas, this Christmas, this Christmas (Christmas)
It's Christmas and it'll never be the same again.
(Christmas) Girl it's something about this -
Christmas, this Christmas, this Christmas.

(Christmas, with you)

Jingle bell, jingle bell.
Girl I'm here to say.
Jingle bell, jingle bell.
It's Christmas everyday.
