Just looking at you  
Makes me smile  
And when I find myself smiling  
It's strange

As the days go by  
My love towards you goes deeper and deeper

This song right now  
Might just sound like another love song  
Yeah, I know  
Though I, want to sing it  
This feeling right now  
So baby, listen to me  
I'll sing for you yeah

Being under the same sky as you  
Each moment we breathe I  
Like it, the word "love" can't be enough  
This beautiful feeling  
It's beautiful  
It's beautiful  
It's beautiful feeling  
This beautiful feeling  
It's beautiful  
It's beautiful  
Words can't describe it  
This beautiful feeling

This song right now  
Might just sound like another love song

Yeah, I know  
Though I, want to sing it  
This feeling right now  
So baby, listen to me  
I'll sing for you yeah

Being under the same sky as you  
Each moment we breathe I  
Like it, the word "love" can't be enough  
This beautiful feeling

It's sending shivers down my spine  
I'm so happy  
I'm crying, yeah  
Some people say love  
But I think there's something more than that, yeah  
If you know it, let me know  
If there is nothing like it, name it  
To this beautiful feeling  
This beautiful feeling

Being under the same sky as you  
Each moment we breathe I  
Like it, the word "love" can't be enough  
This beautiful feeling  
It's beautiful  
It's beautiful  
It's beautiful feeling  
This beautiful feeling  
It's beautiful  
It's beautiful
