Every morning when I open my eyes
The first thing that I think of
The only thing in my mind
Is you
When I'm looking at you
When our eyes meet
My face grows hot but
Feels so nice
Dodododododo
There isn't a single day
Dodododododo
That I can live without you baby
Dodododododo
I'm waiting all night
For the morning sun to rise
My heart races
At the thought of seeing you

Wa, so ecstatic
When you quietly look at me
I fall for you again
Wa, just looking at you
Makes me feel good
I wanna be with you forever

Like that sun baby
Melt my heart with a bright smile
Like that sun baby
Shine brightly into my day

I love every moment I'm with you
When I said that, you said it was corny
You pretend to hate it but you secretly like it
I see it in your smile, too great
Too Lifted
I'll end up like Icarus
I wanna be by your side
Even if I burn black
I can't help but to hold on, reason is
Cause I'll miss you
Too damn much

Dodododododo
There isn't a single day
Dodododododo
That I can live without you baby
Dodododododo
I'm waiting all night
For the morning sun to rise
My heart races
At the thought of seeing you

Wa, so ecstatic
When you quietly look at me
I fall for you again
Wa, just looking at you
Makes me feel good
I wanna be with you forever

Like that sun baby
Melt my heart with a bright smile
Like that sun baby
Shine brightly into my day

Forget everything, put it all down
Trust me and follow me
Forget everything, put it all down
Throw it all away except for me
Forget everything, put it all down
Trust me and follow me
Forget everything, put it all down
Throw it all away except for me
