Oh please
Why am I like this?
I feel like a fool
Oh please
Why can't I say anything
When I'm in front of you?

When people said
Love at first sight
Wherever
However
Whoever said that
I never believed it

Where am I?
Who am I?
Right here
Like this
Struggling
I don't know who I am

In one moment
Like water rising
You are coming to me

Like the stars
Twinkling in the night sky
You are
Pouring out over me

Hey

Oh please
Why is my body
Not listening to me all of a sudden?
Oh please
Without even knowing
Why is my heart pounding?

When people said
They met like destiny
Wherever
However
Whoever said that
I never believed it

Where am I?
Who am I?
Right here
Like this
Struggling
I don't know who I am

In one moment
Like water rising
You are coming to me

Like the stars
Twinkling in the night sky
You are
Pouring out over me

I'm falling for you woo
I'm falling for you woo

In one moment
Like water rising
You are coming to me

Like the stars
Twinkling in the night sky
You are
Pouring out over me

Oh please
Why am I acting like this?

You are pouring out
