Standing at the edge of the cliff
Feels like it's over
But I'm still here
Not completely on my knees
Standing on my own two feet
With every ounce of strength I have left

Without you
It wouldn't have been possible
Without you
I wouldn't even be here
It's you
Who lifts me up
So I'm alright
Look at me, I'm holding on

One step at a time
One foot in front of the other
One step at a time
However heavy it may seem

Don't let go
Cause to me you are
My last ray of hope
My one and only shining light

Hold onto me
Being alive
Is scary and tough
But I can push through
So long as I
Have your love

You make me

Nothing to change
Nothing to ask for
It'll all be the same
Everything in this world
Will go on without me
Cause I found you
My happiness in this world

Because of you
I won't lose my way

So please

Don't let go
Cause to me you are
My last ray of hope
My one and only shining light

If I lose you
There is no tomorrow
If I have you
That's all I need

Don't let go
Cause to me you are
My last ray of hope
My one and only shining light

Hold onto me
Being alive
Is scary and tough
But I can push through
So long as I
Have your love
