

## Black Sabbath

### Daylo Abortions

Acting like black sabbath is lots of fun  
Their records sound so heavy when I turn them on  
I jump up and down and pretend I'm them  
I can almost make the change

Tony Iommi is my god  
His guitar solos have been osterized  
Ozzy Osbourne is so out in space  
That he'd probably love me if I pissed on his face
