

## Stupid Songs

Dayglo Abortions

When I sing songs I sing about what I know  
But I don't know too much so I don't sing about nothing  
I get my words from reading TV Guide  
I steal all my solos from the Rolling Stones

I like stupid songs

I get my insight from watching Spiderman  
I learned a lot from Peter Parker about dealing with the world  
I pull my wire to the 20 Minute Workout  
I sure wish the guys in the band looked like that

I like stupid songs
