False Direction

Dayglow

Go around, go around, go around, go around
I see what your language is
Separate from the sound
Speak up, speak up, speak up, speak up loud
I hear what you're saying
But don't know what that's about

Light
I try to make way before the prophet
It's my time to try to understand this all

'Cause I gotta be somewhere soon
What am I doing here?
Waiting on someone new in my reflection
I see what I always do
Some false direction
Leading me away

I know, I know, I know, I know now
What I never knew back then hidden in the crowd
Does it make a difference if I leave?
They pay no attention
Nicknames on a sleeve

So, what's next on our agenda?
She should know
So I'll vote for my approval now

But I gotta be somewhere soon
What am I doing here?
Waiting on someone new in my reflection
I see what I always do
Some false direction leading me away
It's leading me away

It's not new to me
It's not new to me
Oh
It's not news to me
It's not news to me
Oh
It's not new to me
It's not new to me
It's not new to me
Oh, oh, oh
It's not new to me

Try to understand this all

'Cause I gotta be somewhere soon
What am I doing here?
Waiting on someone new to show up in my reflection
'Cause I see what I always do
That same false direction leading me away from you

Oh, I gotta be somewhere soon
What am I doing here?

Waiting on someone new in my reflection
I see what I always do
Some false direction leading me away
It's leading me away
