

Like She Does

Dayglow

I've spent some time now thinking about you
These days remain in the frames that we already see through
It's like we know something, just us two
No one else can seem to get
I've seen a lot by now but nothing else compared to it

So don't try to sell me on some cheap love
Nobody comes close to getting me like she does
No I don't mind having my only one
'Cause nobody comes close to getting me like she does

You know I get so stuck, I'm stuck in a rut
And I start to feel so confused
What use is a song when I write it for no one
And I never knew it was you?
It's like you know me better than
I know how You believe me more than myself
Yeah, it's a great big world
But what good is love without someone else?

So don't try to sell me on some cheap love
Nobody comes close to getting me like she does
No I don't mind having my only one
'Cause nobody comes close to getting me like she does

Of all of the life that I have
I want to be with you
I feel it like pouring rain
There's nothing else that I'd rather be than in love with you every day
And you could take all the time that I have
I'm nothing without you
Maybe we're just the same
Taking the feeling of love and turning it into beautiful name

Oh my
All this time
All my life
It was always you, yeah

So don't try to sell me on some cheap love
Nobody comes close to getting me like she does
No I don't mind having my only one
'Cause nobody comes close to getting me like she does

Of all of the life that I have
I want to be with you
I feel it like pouring rain
There's nothing else that I'd rather be than in love with you everyday
And you could take all the time that I have
I'm nothing without you
Baby we're just the same
Taking the feeling of love and turning it into beautiful name
