

## Devil's Hour

Days N' Daze

Now I'm weighing out my options  
But the devil's hours growing near  
Restless legs keep shakin'  
I don't know how long I can stay here  
Cause every city and in between  
All feels the same to me  
I swear this life  
Will be the death of me

No matter what I do or say  
Selfless selfish it's all the same  
Blood, sweat, and tears  
Countless years  
Branded, hands tied, disrespected  
Let's see how far  
This dead horse can fall

Cause you're too crazy to love  
That's what you always said to me  
As you pressed your body close to mine  
You tried to break all the good still left in me  
I'll crawl farther than you've walked  
Now watch me pick it up

Rage against the tattered planks  
Sifting through the cesspool  
Of forgotten memories  
And trudge through the fallen pillars  
Of a city built to crumble  
As we waste away  
Prioritize and memorize  
A script to fit the string of lies  
Just forgotten numbers  
On a windmill of corpses

Well I've stumbled from your shadow  
No longer property  
To your hateful schemes  
Translucent bones have turned to steel  
To pity the weak fool

Cause you're too crazy to love  
That's what you always said to me  
As you pressed your body close to mine  
You tried to break all the good still left in me  
I'll crawl farther than you've walked  
Now watch me pick it up
