

# Freedom Song

Days N' Daze

The place where I feel tangible  
The place where I feel free  
Down by the railroad tracks  
Where the rail ties meet my feet  
Watch the train cars roll on by  
Pick one that I like  
Run up and hop right on  
I'm going for a ride

Cause some days freedom  
Don't seem real  
It's a feeling deep inside  
Like when you  
Hop a train or ride a bike  
With a loved one by your side  
It's not hard to find  
Just look around  
Get off your ass and leave your home  
Cause you won't find freedom  
On your ass watching TV  
All alone

Light your bed on fire  
Go sleep in the woods  
Open up a can of beans  
Use a rock as a spoon  
Cause all you've got are your  
Hopes and dreams  
That belong to only you  
Say fuck society fuck the world  
And leave them to their doom

Cause some days freedom  
Don't seem real  
It's a feeling deep inside  
Like when you running naked  
Down the street  
With the cops not far behind  
It's not hard to find  
Just look around  
Get off your ass and leave your home  
Cause you won't find freedom  
On your ass watching TV  
All alone

Let's go pick some flowers  
Let's go climb some trees  
Let's forget our worries  
And do just what we please  
Cause the world makes freedom an object  
That seems far out of reach  
But it's in our hearts  
It's in our souls  
You got to take the opportunity

Cause some days freedom  
Don't seem real

It's a feeling deep inside  
Like the stick and poke  
You got last night  
When you puked and almost cried  
It's not hard to find  
Just look around  
Get off your ass and leave your home  
Cause you won't find freedom  
On your ass watching TV  
All alone

Some days freedom  
Don't seem real  
It's a feeling deep inside  
Like wandering through life  
With just your heart as your guide  
It's not hard to find  
Just look around  
Get off your ass and leave your home  
Cause you won't find freedom  
On your ass watching TV  
All alone

Some days freedom  
Don't seem real  
It's a feeling deep inside
