

# Never Loud Enough

Days N' Daze

We're always thinkin'  
But never what we're sayin'  
They won't know what we're plannin'  
If we're rippin out the pages  
So play a couple instruments  
As loud as we can play em  
We yell what we believe in  
We don't just say things to just say them  
Feel the kick drum  
Ain't nothin' seem so bad  
This music and this culture and this life  
That's all we have  
Left to our names  
Don't play no games this ain't recess  
This shits like food and water  
We don't just want it  
We need it  
This music is the fuel  
That powers everything we do  
Without it we'd be nothing  
We'd be boring just like you  
So go on grab a microphone  
And turn it up to ten 'cause to me there's nothin' better than  
Playing music with my friends

Turn the music up, turn the music up  
We want it louder  
We can never have it loud enough  
Turn the music up, turn the music up  
We want it so loud We can hear ourselves over anyone  
Turn the music up, turn the music up  
Turn the music up, turn the music up  
Turn the music up, turn the music up  
Turn the music up, turn the music up

Whit-whizzle up in the hizzle  
So empty out your pockets  
And your wally wally wizzles  
This is a stick up  
Quicker than a hiccup  
I'll outta here and to the bank  
Before you can even get up  
Hey bitch!  
Listen up quick  
If you don't like my music  
I'll introduce you to my fists  
Hey sucka this music is my life  
Talk shit and I'll schedule you  
A meeting with my knife

Slow down, slow down, slow down

Pick it up!

Turn the music up, turn the music up  
We want it louder  
We can never have it loud enough

Turn the music up, turn the music up  
Turn the music up, turn the music up  
We want it louder  
We can never have it loud enough  
Turn the music up, turn the music up  
We want it so loud we can't hear ourselves or anyone
