

Got To Be You

Days of the New

I've got to solve the trails
I've got to make a trail
Maybe it's you
Your lifeless you

Where are all those mistakes?
Those long lost mistakes
They were not forgotten, I don't forget
Yeah, I don't forget

Have someone to blame
You, have someone to blame

Pulling back and letting go
I'm very overwhelmed at you
There's so much going on

There's something I've got to prove
It's got... got to be you
It's got to be you...

Got to solve the trail
It's another day
Still no way to get there
I don't care if I got to give myself away

Choke on my shit
All of my shit
Maybe I'm just jumping too soon
Or maybe it's just got to be you

It's got to be you
Got to be you...

Choke on my shit
All of my shit
Maybe I'm just jumping too soon
Or maybe it's just got to be you

It's got to be you
Got to be you...
