

## Two Faces

### Days of the New

Help me see  
How to be  
I'm pushing myself further deep

Hold my soul  
Let it go  
One track mind too many trains

Will we be safe here?  
We'll be safe here

Face in my mind again

I'm not sick  
I'm just fine  
Too much time on my mind

Substituted friends  
Hindsight end spilling  
Help me see how to be

Will we be safe here?  
We'll be safe here

Face in my mind again
