

Two Faces

Days of the New

Help me see
How to be
I'm pushing myself further deep

Hold my soul
Let it go
One track mind too many trains

Will we be safe here?
We'll be safe here

Face in my mind again

I'm not sick
I'm just fine
Too much time on my mind

Substituted friends
Hindsight end spilling
Help me see how to be

Will we be safe here?
We'll be safe here

Face in my mind again
