

Weapon And The Wound

Days of the New

I won't break this
It took so long to make this
The life I lead is getting through to me

I won't take this
Took so long to get rid of this
Anything is everything to me

What a step in time

Running after you
I don't know where you are
And I can't seem to get you
I want you to know me.... yeah.... (alright)

The pain that greets me
Is a stick that beats me
Solid dream, hope isn't what it seems

Words I can't miss
Is a song that sings you
Missing friend, tomorrow is the end

What a step in time
Find my place in life

Anything is everything to me
Anything is everything to me... yeah.... yeah

Yeah
Don't know where you are
I want you to know me
