

## Where I Stand

## Days of the New

Some of us play life  
Like a board game  
It's new  
Fun

And you play it with people  
There's a time  
You get tired  
And you put it away

Then one day  
You get it out  
And the pieces are broken

Self discipline  
I want to feel before you  
Take it slow  
Feel before you, yeah

Where I stand  
Where I stand  
Where I stand  
That's where I stand

Where I stand  
Where I stand  
Where I stand  
Yeah, that's where I stand

Some of us live life  
Like we didn't know it exists  
Care  
Got to care

Or it fades away  
Then one day  
You come to life  
And living is over  
I... I just want

Self discipline  
I want to feel before you  
Take it slow  
Feel before you

Self discipline  
Feel before you  
Take it slow

Feel before you  
Feel before you  
Feel before you  
Feel before you, yeah

Where I stand  
Where I stand  
Where I stand

That's where I stand

Where I stand

Where I stand

Where I stand

Where I stand

Yeah
