

Spotless Mind

Dayseeker

I want the procedure done right away
Erase her from my thoughts, eradicate each memory
I used to believe that you would save me but as I'm drifting of
f to sleep,
I know that you'll be gone by morning

We laid out on the ice and I'm just exactly where I want to be,
I've never felt that
Your impulse to throw me out has caused both our minds to drown
in a sea of dying memories

We trace our footsteps back and put our time here to rest
but I can't remember anything without you, so when I wake, ther
e will be nothing left

How could I have suppressed the memory of the day we first met?
Please let me keep this one
I want to call it off, can somebody wake me up?
I don't want this anymore

We laid out on the ice and I'm just exactly where I want to be,
I've never felt that

We trace our footsteps back and put our time here to rest
but I can't remember anything without you, so when I wake, ther
e will be nothing left
I'm holding on to your love but they won't stop 'til it's dead
You and I both know soon it will be over, so we cherish all tha
t we have left

Clementine, I tried to rip you from my mind
Each prayer accepted, each wish resigned
(How happy is the blameless vestal's lot
The world forgetting by the world forgot
Eternal sunshine of the spotless mind
Each prayer accepted, each wish resigned)

We trace our footsteps back and put our time here to rest
but I can't remember anything without you, so when I wake, ther
e will be nothing left
I'm holding on to your love but they won't stop 'til it's dead
You and I both know soon it will be over, so we cherish all tha
t we have left

I'll find you when I wake and we'll try again
I'll meet you in Montauk my dear old friend
