## **Born Is The Enemy**

**Daysend** 

Cold and freezing
Holding nothing
I did all this for you

Don't even call me your friend You will not lose in the end I see in front of me Born is the enemy now

Cold and freezing
Holding nothing
I did all this for you
Now there's nothing left for me to do

This is the start of something new Stains of your guilt are left for you I see in front of me Born is the enemy now

## Down

You're trying to bring me down You're not gonna break me

I did all this for you You're going down
