

Blindside

Dayshell

(Blind)

Waves of a colorful mind

(Side)

Won't get caught up in this time

I will say my goodbyes

Now I'm ghosting you

In the dark you're cunning

But you can't change your thinking

The northern lights are starting to fade again

How dose it feel

When I'm down on my knee

When you're taking and breaking the man out of me (keep running)

(Blind)

Drink till my heart is content

(Side)

I don't want this bottle to end

I swear I will raise a glass for you

Careful where I'm walking

The deviant is underneath

No one becomes familiar

How dose it feel

When I'm down on my knee

When you're taking and breaking the man out of me (keep running)

(Blind)

Drink till my heart is content

(Side)

I don't want this bottle to end

I swear I will raise a glass for you

(Blind)

Choke on a sip of regret

(Side)

You know we can never be friends

In the end I was plagued now I'm the fool

If your love would open up

Like a Sunday morning

There's blood in my tea

Just trying so hard to feel

Look in the mirror tell me what do you see

I see a warrior that's about to catch his break with neon

(Blind)

Drink till my heart is content

(Side)

I don't want this bottle to end

I swear I will raise a glass for you

(Blind)

Choke on a sip of regret

(Side)

You know we can never be friends

In the end I was plagued now I'm the fool
