

Swimming in my head wishing I was dead
Don't let me drown
I want happy as can be spinning so lovely
I want to bathe in your departure

Tear drops fading
Understating
Contemplating a new form of hating
I want me back
I want me normal

C'est la vie underneath your cadence baby
C'est la vie underneath your cadence baby
You want to leave me
With no one to hold

Swimming in my head wishing I was dead
Don't let me drown

Hold me closely
Sore eye, uzi
Watch me dine in your liberty
I want me back
I want me normal

C'est la vie underneath your cadence baby
C'est la vie underneath your cadence baby
You want to leave me
With no one to hold
C'est la vie underneath your cadence baby
You want to leave me
With no one to hold
With no one to hold
With no one to hold

Caught me swimming in my head wishing I was dead
Don't let me drown
I want happy as can be
Spinning so lovely
I want to bathe in your departure
Caught me swimming in my head wishing I was dead
Don't let me drown
I want happy as can be
Spinning so lovely
I want to bathe in your departure

Me oh my
All for you
Change my mind
All for me
This is it
The fight of our life
This is it
There's no turning back
