

I Owe You Nothing

Dayshell

Can't make love the way, with all your kicking and screaming
I want this place to feel
What'd you want to say?
Must be patient, in the sea of emotions
With me, swim inside

Wake the enemy, who owes you nothing on a Sunday
Wake, you wake, you wake - I owe you nothing

Can't make love the way, with all your kicking and screaming
I want this place to feel
What the fuck do you want me to say?
In the sea of emotion, resume me
Resume this life

Wake the enemy who owes you nothing on a Sunday
Wake, you wake, you wake - I owe you nothing

You're so jealous, you see, I've heard it all before
Passion, to me, is faithful not a whore
You're so jealous, you see, I've heard it all before
Passion, to me, is faithful not, not a living whore

Fuck you all
Wake the enemy who owes you nothing on a Sunday
Wake, you wake, you wake - I owe you nothing
