

# Imbecile

Dayshell

Hey, you imbecile  
The more and more you smile, but you still remain an imbecile  
The more and and more you smile

Wave of mine, I'll break right through you  
And I won't believe you would, you won't shatter my youth  
Nor have a use for it at all

Me the criminal that steals, consumes your slumber  
But you still remain an imbecile, the more and more you smile

Wave of mine, I'll break right through you  
And I won't believe you would, you won't shatter my youth  
Nor have a use for it at all

Doesn't this all seem familiar?

Won't stop running, won't leave angry, I'll never stop running

Wave of mine, I'll break right through you  
And I won't believe you would, you won't shatter my youth  
Nor have a use for it at all
