

# Miss You So

Dayshell

And I miss you so  
Even more than I had  
I don't need to take long  
Who put this bullet in my hand  
And I miss you so  
And I miss you so  
And I miss you so

It's the way you sing when you call my name  
Picture diamond rings, picture promising  
All this caution tape wrapped in my awake  
But, I love you  
And I miss you so

And I miss you so  
Even more than I had  
I don't need to take long, ooh yeah  
Who put this bullet in my hand  
And I miss you so  
And I miss you so

All your love, your chemicals, they're so alluring  
All your fire it covers me in color  
Oh universe could you bring her back in one piece  
But I love you

And I miss you so  
Even more than I had  
I don't need to take long, ooh yeah  
Who put this bullet in my hand  
And I miss you

Take my good intentions  
Baby light my world on fire  
Please  
Don't look back, don't look back  
I'll be coming for you, coming for you

Even more than I have

And I miss you so  
Even more than I had  
I don't need to take long, ooh yeah  
Who put this bullet in my hand  
And I miss you so  
Even more than I had  
I don't need to take long, ooh yeah  
Who put this bullet in my hand  
And I miss you so
