

Not Welcome

Dayshell

Making my way to the top
Reminder in case you forgot
The higher we go the shadows will show
True colors you thought they were not
Yeah, we're all fucked like it or not
Nod if you feel me
Hands up if you'll fight like the rest

Eternity is taking forever
So carry me home
Turn me to stone
Embellish in my ignorance

Hate me
Mistreat me
Disown me
I'm not welcome in this place
I cut my ties today

They try to make dirt of the game
With spot light Red dot on my name
So gullible, Cynical then why don't you stay in your lane
Hear the pin drop
For all to obey
Nod if feel me
Hands up if you'll fight like the rest

Eternity is taking forever so carry me home
Turn me to stone Embellish in my ignorance

Hate me
Mistreat me
Disown me
I'm not welcome in this place
I cut my ties today

I'm down on my knees
Now I'm ready to go home

My eyes are wide open
The tables have turned
A peace of my mind so lonely

Hate me
Mistreat me
Disown me
I'm not welcome in this place
I cut my ties today
Hate me
I'm not welcome in this place
I cut my ties today
Hate me
Mistreat me
Disown me
I'm not welcome in this place
I cut my ties today
