

Play The Beast

Dayshell

Slipping away from the palm of my hands
I can play the warrior
If you play the beast

Demon, you're a foreigner in my corner
I ain't fighting
It's the season of the champagne waves
Don't want to lose me

Ahh
You wouldn't wanna rock with me
(Rock with me)
Ahh
You wouldn't wanna roll that deep
Roll that deep, hun

Angel, would you embrace me or betray me?
I need guidance
You're the pinnacle when beauty saves
Don't want to lose you

Ahh
You wouldn't wanna rock with me
(Rock with me)
Ahh
You wouldn't wanna roll that deep
Roll that deep, hun

Do it for the taste alone
This ain't right living so mundane
So tell me what you're thinking
This ain't right living so mundane
To Lucifer, I'm losing her

Ahh
You wouldn't wanna rock with me
(Rock with me)
Ahh
You wouldn't wanna roll that deep
Roll that deep, hun

Ahh
Don't want to lose me
Ahh
Don't want to lose you
