

# You Wish

Dayshell

All the pain all the cruelty just keeps fucking with my life  
I'm not the animal

I bet you wish you could kill me  
I bet you wish you could ruin me  
I bet you wish I was dead

Bet you wish you could kill me  
Bet you wish you could ruin me  
Bet you wish I was dead  
(Bet you wish I was dead)  
Make me beg for your mercy  
All the lies slipping through me  
They be coming to make me pay  
(They be coming to make me pay)

All the pain all the cruelty just keeps fucking with my life  
I'm not the animal

Guess you're lucky after all  
Shame me, make me pay the toll  
Smile (Smile)  
They won't stop until I'm 6 feet underground

Bet you wish you could kill me  
Bet you wish you could ruin me  
Bet you wish I was dead  
(Bet you wish I was dead)  
Make me beg for your mercy  
All the lies slipping through me  
They be coming to make me pay  
(They be coming to make me pay)

You want me to be all alone

I am allowed to fucking love  
I am allowed to fucking love  
Bet you with you could kill me  
Bet you wish I was dead

Bet you wish you could kill me  
Bet you wish you could ruin me  
Bet you wish I was dead  
(Bet you wish I was dead)  
Make me beg for your mercy  
All the lies slipping through me  
They be coming to make me pay  
(They be coming to make me pay)

Bet you wish you could kill me  
Bet you wish you could ruin me  
Bet you wish I was dead  
(Bet you wish I was dead)  
Make me beg for your mercy  
All the lies slipping through me  
They be coming to make me pay  
(They be coming to make me pay)
