Well, I was chillin' sittin', smokin' in my Escalade Cadillac pimpin', lookin' for a escapade I saw some bad body with a beautiful face What it is hoe? You ain't from around the way

You got everybody lookin' and ya know that Hair right, outfit, ass so phat On top of that baby girl, know just how to throw that Too fine for me to fight and try to hold back

I had to immediately hit her with some West Coast game 'Cause uh, all these niggaz screamin' 'What's yo' name?' And uh, buyin' roses and the best champagne She can see through the glass that yo' ass is lame

She cool, she ain't trippin' off no cash flow 'Cause she went to school and still puff, puff pass though Right in my alley, as we sat there shootin' the shit I broke it down, broke it down to the shorty like this
