

ALL NIGHT

DC the Don

Woah

Woah

Yeah, woah (Yeah, yeah, go)

Yeah, yeah, yeah (Yeah, yeah)

She calling my phone, just say what you into

I'ma fuck with you all night, tryna see if you alright

And it's off, she tell me it's off

But I ain't ignoring the shit that we been through

Leaving all that on pause, right

CDG with some Off White (Damn, Trademark!)

Broken hearted, she falling apart

She calling my phone, just say what you into

And I'll fuck with you all night

Tryna see if you alright

And it's off, she tell me its off

I'm still not ignoring the shit that we been through, woah

Had to put that on pause, right

CDG, Ricky O, with some Off White

I'm the Don, lil' bitch you gotta talk nice

She peepin' my swag, she saying "You loaded", yeah

I'm on top, now I feel like the boss, right

Call my phone soon as I get to leaving you baby, she said that I can't even walk right

I'm a iconic kid, I don't know if you noticed, yeah

Moving fast while you movin' the slowest, yeah

Ain't no point, why you lower the temperature, baby?

I swear to god I been the coldest, yeah

Shit, I been peepin', uh

Talkin' yo' shit, I'ma see 'bout it, baby

Call me pressed and upset every week 'bout it, baby

Woke up, standing yo' business and just be 'bout it, baby (Woah, woah)

I am not impressed to keep it straight up

You been making shit complicated, straight up

Stormin' straight out the crib, she behind me, wait up

Hoppin' straight in my car, leaving you in the dust

Am I doing too much? (Yeah)

Said I'm doing too much

Changin' up my zip code, I be movin' too much (Yeah, yeah)

Am I movin' too much?

I can't hide shit from you, she not clueless enough

Paranoid all night, lil' bae, I stayed up

Shit ain't good as it seems, lil' bae, I'm paid up

Tryna see if it's real or only made up

Bought a bottle of Yak and it's coming in clutch

Am I doing too much?

She calling my phone, just say what you into (Into)

I'ma fuck with you all night, tryna see if you alright (Yeah, yeah)

And it's off, she tell me it's off

But I ain't ignoring the shit that we been through (That we been through)

Leaving all that on pause, right
