

# Going Stuck

DC the Don

I don't know what to say, I like it  
When we secluded, we get lost in private  
I ain't gon' share you with the world, that's my shit  
You know I'm jealous, she say that's what I get  
Goin' around, goin' around stuck  
Just be honest with me, you feel it's not enough  
I got no service right now, my bad, you're breakin' up  
I hear you cry on the phone and it's breakin' me, fuck

Goin' around, goin' around stuck  
Goin' around, goin' around stuck  
Goin' around, goin' around stuck  
Goin' around, goin' around stuck

Lost, I think I'm changin'  
Tryna make some sense of all this shit that never make sense  
I put my opinion in and you told me to keep the two cents  
Tryna change my identity, I told you that I wrote the blueprint  
I, I feel you breakin'  
I'm always up too late, it's 7:30 when I do shit  
The sun arisin', this rockstar life confusin'  
I've been lost in the Matrix

Goin' around, goin' around, keep goin' around  
I call your phone, you don't reply, you leave me up here waitin'  
And I keep goin' around, goin' around, keep goin' (Keep goin')  
Our favorite song keep playin', stop, and I just hit replay again  
And I keep goin' around, goin' around stuck (Goin' around stuck)  
Goin' around, goin' around stuck (Goin' around stuck)

Crawlin' my way back up to the top, I'm scrapin'  
Like, who are you to tell me? Baby, stop your pacin'  
Our favorite song keep playin', stop, and I just hit replay again  
Run it back and now I'm back, back in the Matrix  
Yeah, I'm back there, back there  
Lit the city up, it feel like Summerjam when I'm back there  
I come from the bottom, bottom of the concrete and it's bad there  
So watch how you move around in my hometown, you'll get whacked there

Goin' around, goin' around stuck (I keep goin' around, goin' around stuck, I keep goin' around)  
Goin' around, goin' around stuck (I just keep goin' around, yea

h, you got me goin' around)  
Goin' around, goin' around stuck (I keep goin' around, goin' ar-  
ound stuck, I keep goin' around)  
Goin' around, goin' around stuck (I just keep goin' around, yea-  
h)  
(You got me goin' around, goin' around)
