DC the Don

Woo, woo
Woo, woo, woo, woo
Damn, Trademark!

I put my ho' in demand, treat 'em like more than a fan
I just did a show in Japan, now I'm hoein' again
I said I won't do it no more, but these bitches be goin' again
'Cause I'm scorin' again, Balenci' can't hold up my pants, bought a belt but
it's too many bands
And I'm pourin' again, my cup feelin' empty as fuck, at this point, I might
do it again

I don't know it depends, know it depends
I don't know it depends, I don't know it depends (Yeah)
I got bitches on bitches, they hoein' again
From the flight to the yacht, I be flowin' again (Let's go)
I got Marni on me like it's snowin' again
I be ownin' my shit, I don't know what's a rent
All this merchandise, I don't even know what to spend
I'm so high, I'm with God, and we floatin' again (Yeah, again)

Woo-oooh, floatin' again (Yeah)
Woo-oooh, floatin' again (Yeah)
So high, I'm with God, and we floating again
Woo (Woah), woo (Woah), woo (Woah), woo

After the radio show, I book me a flight to LA, at this point, gotta get off
the road, ayy
Too many foes switchin' off of my energy, nah, I can't do it no more
I can't do it no more, I can't do it no more
If you know me for real, I been doin' the most (Yeah)
Catch me backstage with a bottle of Henny, blacked out and I'm doin' the show
w
Hunnid band, hunnid band, hunnid band, hunnid band
Throw that shit up, they ain't seein' the flow
Hop in the Phantom or hop in the Lambo
I skrirt off so fast, all you would see is a ghost
Got me switchin' my plans, same way I be switchin' these lanes
I don't know what to do with these lames
What happened to buddy? He had a lil way, now he gotta charge it to the gang
(Gang)
