

Ayo, Jug  
 Oh yes, I'm feeling this one, whoa, whoa  
 Yeah, yeah  
 What, what

I told my bitch I had swiped me a credit card, because I'm ballin' out, I'm overseas  
 I updated my wrist and they lookin' like "There you are, it's been a long time no see"  
 I'ma go out a legend, inspiring everybody, told 'em fuck the world and go dream  
 How you go from a magic card, into a debit card, into a rock star limousine?  
 This not Jimmy Choos, girl you should get to know me  
 I don't get why they scared of you, girl we should just be homies  
 It's because we live how we do and these niggas be hating but they know I'm in motherfucking love with these niggas  
 I'm bulletproof, fuck the running, I just fucked the last one and she made me feel better this morning  
 And lil shawty I'm into you

Oh my god, oh my god  
 It's feeling like I'm going insane  
 The music be pushing me left while the money go right and she pulling me this way  
 My ex keep on calling me back but I don't want no negative shit coming this way  
 And if I ever send a I-L-  
 Y, I'ma still have some love for the bitch 'til this day

Say hello to the crowd, jump out the seat  
 Got a big appetite, I need 30 a week  
 I'm not 30, at least 25, fuck you mean?  
 Know some niggas that's 25 pushing the beat  
 Got a B on the back that's a Bentley, Mercedes  
 And no molly jumping on that bitch like I'm Trae  
 Finna roll me a blunt, alien strain  
 Why your hoe so obsessed with me? It's so strange

Oh my god, Oh my god  
 Its feeling like I'm going insane
