

KNOCK ME OFF MY FEET

DC the Don

Like even on your worst days
I'll be right there just to pull you out
Even when I'm lost and dishonest
You had every right just to call me out

I wanna see it through
Down on my knees
I wanna see it through
Tell me what you need
Woah, woah, woah
Like woah, woah, woah

I need to see you lose control
You said you missed the vacations in your highlights
If you want it, we can go
Just burn out with me, my lover
Just burn out with me, my lover
What you need is just that with me, my lover
Put no one else in between, my lover

I wanna be by your side while the flames burn bright, and I'm runnin'
I wanna see it in your eyes while you're falling out the sky, you know
Like to be honest, girl, that's what it's coming...
What it's coming to
And I'll be right around when you want me...
When you want me to

You was running around the city off no sleep when you met me
Knock me off my feet when you met me
That put me on defense
Back against the curb, now I'm OD...
OD

Like even on your worst days
I'll be right there just to pull you out
Even when I'm lost and dishonest
You had every right just to call me out

It's just me and you
With no one else
It's just me and you
Tell me what you need

When I pull up, just drop back down for me
Pull up, just drop back down for me
When I pull up, just drop back down

You was running around the city off no sleep when you met me
Knock me off my feet when you met me
That put me on defense
Back against the curb, now I'm OD...
OD

Now we get to make a decision
How did we get this far?
All I wanna do is lay up
Maybe it's human nature

I'm sorry, girl, I'm selfish
Sorry I ain't helpin'
No more, no more, no more

Woah, woah, woah
When I pull up, just drop back down for me
When I pull up, just drop back down for me
When I pull up, just drop back down for me
Pull up, just drop back down for me
