

LUV

DC the Don

I pulled up, I got enough to do
But I can pull up on you in a month or two, hey
And I know it's uncomfortable
But just a little understanding all I want from you, hey
L-U-V, it's love, can you meet me?
I hate it when you tell me, "Take it easy"
Like, if it was me against the world, could you love me?
'Cause I'm the worst at this shit, it gets ugly

Hey, hey, hey (I tried to tell you, love)
Hey, hey (I tried to tell you, love)
Hey, hey, hey (I tried to tell you, love)
Hey, hey (I tried to tell you, love)

Take it to the jump
All this jumpin', feelin' like I gave enough from me
So ain't no tellin' what you want from me
Girl, if I jumped off this cliff, would you jump for me?
If I popped first, baby, would you pop for me?
I'm diving head-first in the animosity
I feel alone in a room full of people, but you always make it b
etter when you follow and you copy me
I'm callin' out for help, do you copy me?
I'm in this shit 4L, it don't apply to me
'Cause if the world was gon' end at the end of the night, I wan
na be around somebody that would die for me

I pulled up, I got enough to do
But I can pull up on you in a month or two, hey
And I know it's uncomfortable
But just a little understanding all I want from you, hey
L-U-V, it's love, can you meet me?
I hate it when you tell me, "Take it easy"
Like, if it was me against the world, could you love me?
'Cause I'm the worst at this shit, it gets ugly

Hey, hey, hey (I tried to tell you, love)
Hey, hey (I tried to tell you, love)
Hey, hey, hey (I tried to tell you, love)
Hey, hey (I tried to tell you, love)

Like, if it was me against the world, could you love me?
'Cause I'm the worst at this shit, it gets ugly
