

MANIAC

DC the Don

Goin' and goin' and goin'
I ain't gon' lie, it's annoyin'
Back and forth over the phone
I call you when you're ignorin'
You never say when you're wrong
I don't know what I've been on (Trademark)
Let's stay low, we don't know where we belong
I can't stick through this alone
It's been three days on my own
Time's way up, what the fuck have I been on?
Wake me up, baby, come poke me, I'm numb
Cobain, three shots to the dome
That shit came right off the dome
Time's fadin', that first heartbreak was the one
Summer 1991, Come As You Are bumpin', huh?
Take me out, I don't understand am I dumb?
Tell me, just say what you want
Speak now, or forever be numb
Leave me up, it's fuck fighting back, girl, I'm done
Call me whenever you want, just tell me when you get alone
Leave me out, but I gotta get out of this storm (Yeah)
It's so motherfuckin' cold and it's pourin'
Tryna get out my bed and do right in the mornin'
I know it, know it, girl
It's slowly, we're falling down
And only, if you can show me now?

Cause I know, what she knows, I had to tell her
We on, we on, we on (I had to tell her)
We on, we on, we on (I had to tell her)
We on, we on, we on (Yeah, yeah)
Tell her, we on, we on, we on

And I cannot lie I girl I missed it
Tryna smoke me a pound on the way, where the zips at?
Just a little bit of gas, tryna hope it will fix that
Cause she is all I need, oh
Just heartbreak I'm not a fiend, yeah
I don't need drugs, yeah
[?] make em curl, ay
Young niggas rule the world, ay
Been messing with a stolen girl
You make my stomach curl, ay
No, I ain't tryna leave without you
This shit a constant swirl
Pull off in the littest whirl
Tryna go live back when you met me, yeah
When I fall out the sky, where you finna be at? Yo
I ain't going for that, I'm a maniac
Now the parachute [?]
This the end of the show take a pill and relax
I think I need another one
You was talking all that shit on the phone let's have a one on one
At the same time, I don't call you back for a reason, it's all been done
So what's the point of us going back and forth on the phone, I think we're o
ne and done
Fuck that I'm more than done

Yeah, said shit I would never say
Got me fucked up this summer, really fucked up this summer over things that
would never stay
Maybe that's my way, in tryna come around , all the mistakes made this hella
fake
Hopefully sooner or later I catch you on tour I'm a meet you in every state,
yeah

We on, we on, we on, I had to tell her
We on, we on, we on, I had to tell her
We on, we on, we on (Yeah, yeah)
We on, we on, we on
