Boyfifty

The choices of this rockstar life I've been living got me going
crazy I be seeing double visions
I'm tryna' figure out if this shit facts or it's fiction
I think it's time to bang I feel my trigger finger itchin'

She wouldn't understand, I said this life ain't for you
I'm just tryna' keep you honest, girl, I still adore you
I'd do anything to try to keep this life from you
I'd do anything to try to keep this life from you

Pull up with that action, need that shit, for sure though
I ain't seen you in a while, you got me on my dolo
But you so quick to pull up when a nigga got a show though
Now she don't fuck with me at all, there's more behind a photo,

Clearly I'm untouchable, she said she cannot feel me
Lately shit been difficult, I'm tryna' find the real me, yeah,

Let's party til' the sunrise (yeah)
We ain't got shit to do tonight (let's go)
