You ain't driving me crazy

And now you riding in Mercedes

So you still failing too amaze me
Bitch I'm loaded, shorty higher then a kite
Loaded, and she feinding for the night
Leanin, she did everything but leave me with a reason
Now I'm love struck I'm struggling to find the meaning
All them damn pictures in my phone I didn't delete it
Lost love give me all my time back bitch I need it
Talk to me, I've been taking over by my demons
OMG, she won't even care a bit

Bring it back for me (oh)
Shorty bring it back (oh)
We can make it last (oh)
You got me going out sad (oh)

Hit you on my sidekick, you never called back, ooh

I've been so damn low
Try'na go up somehow
Get me on a roll somehow
Party's over when the sun goes down
I'm sorry, moving on is all I know
Didn't mean it, I'm so used to be on my own
Cry for it, but you wouldn't pick up your phone
Live for it, now I'm good I'm coming back home

Hit you on my sidekick, you never called back, ooh
Tell her that I'm done, but she keep running right back ooh
