

## Story of MY Life

DC the Don

No, I'm not okay, but my pockets, they do alright, baby  
That's the story of my life, baby  
Drivin' in that 'Rari, I'm pushin' three-sixty-five, baby  
In the residential, watch me slide, bae (Uh)  
Like, damn, I just woke up, I just woke up in Tokyo, I'm driftin'  
I'm slidin' through the hills like I ain't new to this, I'm trippin'  
She said, "When you go out of town, I get too high, feel like I'm losin' it"  
Told my girl if she gon' leave, she catch this Ruger clip  
So when I'm out of town, just hold me down (Grr)  
Or you gon' make me lose my mind in here like Ludacris  
'Cause after 4AM, I'm feelin' down  
After 5AM, my brain clouded with drugs and I'm goin' down  
So in my watch at 6AM, I'm callin' now, now, now, now  
No more holdin' back, I want you, now, now, now, now

Uh, uh, uh, uh  
No more holdin' back, I want you now, now  
Uh, uh, uh, uh  
No more holdin' back, I want you now, now, now (Ooh)  
No more holdin' back, I want you now, now (Ooh)  
No more holdin' back, I want you now, now, now

Got the Bentley outside, baby, fuck it, I'ma leave the whole city red  
Talk to me nice if you wanna say somethin' 'cause the old shit too dead  
In the fast car with my Ricks on, this a Louis scarf on my head  
I need me a check with too many zeroes on it just to get me out of my bed  
Sendin' hate mail to my phone, when I pull up, it's all love, why you keep leavin' shit unsaid?  
You been hangin' on so long, had to switch it up for the new ones 'cause the old shit too dead (Yeah, yeah)  
Thirty hours on the road, drivin' on my way to you and I'm sleepless  
You said, "I don't ever wanna feel like this again, you got me on defense"  
Flip to the other page, I'm on the same road, on the same, on the same road  
On the same road, on the same, on the same road  
Pull up, G5, I'm switchin' lanes, I'm on the same road  
I'm on the same road, she in the sky, she pushin' G4

Uh, uh, uh, uh  
No more holdin' back, I want you now, now

Uh, uh, uh, uh

No more holdin' back, I want you now, now, now (Ooh)

No more holdin' back, I want you now, now (Ooh)

No more holdin' back, I want you now, now, now
