

# WAIT 4 U

DC the Don

(I know it hurts) I know it hurts

(I'm not into playing make believe) I know it hurts but it's make believe

Uh, had to do some shit you never could

Don't compare me to your past, you got this shit misunderstood

Oh, and by the way, I did some shit you never would

I got too drunk and end up driving when it's all not good

(Oh-oh-oh, yeah, oh-oh-oh)

This bottle finna expose all of my thoughts

I'm too drunk not to wait for you

(Oh-oh-oh, yeah, yeah, oh-oh-oh)

That shit I'm feelin', man, it beats all of my drugs

I'm too addicted not to wait for you

Type of shit that make you want to go out, ooh-oooh

I'm pretty sure you've found a way that I've been feelin' now

I'm ran down, I can't wait for you

(Oh-oh-oh, yeah, yeah, oh-oh-oh) (Go)

This bottle finna expose all of my thoughts

I'm too drunk not to wait for you

Type of shit that make you want to go out, ooh-oooh

I'm tired of being in your way Don, I'ma go out

I'm ran down, I can't wait for you (Go)

Tired of going through all your likes and all your comments

With a fake page, I'm too embarrassed, had to do that shit anonymous

And it's fucking up my head, girl, to be honest

I log in and refresh, after hours and it's fucking with my confidence (Go)

(Ooh-oooh)

I can't sleep, this paranoia got me sweatin', I don't even know what time it is

I done lost faith, traveling to different continents

My eyes be red bloodshot, I got too high to feel anonymous (Go)

(Oh-oh-oh, yeah, yeah, oh-oh-oh)

That shit I'm feelin', man, it beats all of my drugs

I'm too addicted not to wait for you

Type of shit that make you want to go out, ooh-oooh

I'm pretty sure you've found a way that I've been feelin' now

I'm ran down, I can't wait for you

(Oh-oh-oh, yeah, yeah, oh-oh-oh)

This bottle finna expose all of my thoughts

I'm too drunk not to wait for you
