

# Do Not Disturb

DC Young Fly

What I've seen, what I've heard  
For standin' on the curb  
Blood, tears, put in work  
So please, do not disturb, nah  
What I've seen, what I've heard  
For standin' on the curb  
Blood, tears, put in work  
So please, do not disturb, nah  
Please, do not disturb  
Please, do not disturb, nah, nah

I'm still carryin' my brothers bones, I wish they'd get up off me  
I gotta pay 'em no attention for how they get up off me  
I talked to Forty just in case I gotta get 'em off me  
And the seeings off my past, I gotta get 'em off me  
I'm still payin' for 'em, so my daughters won't have to  
So my niggas don't have to, so my family don't have to  
And these rumors 'bout to drive a nigga crazy  
They sayin' that I'm workin' for my brother, tryna play me  
But I was ridin' 'round with that work, nigga  
Y'all seen my work, nigga  
When niggas cross the line, Skypad, he the one was gon' hurt niggas  
And I'm the reason for them shirts  
[?] street life, no verses  
And my life is givin' no curses  
But I walk around with this curse

What I've seen, what I've heard  
For standin' on the curb  
Blood, tears, put in work  
So please, do not disturb, nah  
What I've seen, what I've heard  
For standin' on the curb  
Blood, tears, put in work  
So please, do not disturb, nah  
Please, do not disturb  
Please, do not disturb  
So please, do not disturb  
Please, do not disturb, nah, nah

Look, man, I was raised them trenches  
Bought in twenty [?] and sold that bitch for fifty  
Shout-out that boy Gotti cause a youngin' really did it  
Bought a pistol just to make a pussy nigga feel it  
Man, I'm on the block right here  
Gotta keep on movin', I can't stop right here  
Cause they wanna see me for...  
What they wanna see me for?  
What they wanna see me for?  
What they wanna see me for?  
Imma get this money

What I've seen, what I've heard  
For standin' on the curb  
Blood, tears, put in work  
So please, do not disturb, nah  
What I've seen, what I've heard

For standin' on the curb  
Blood, tears, put in work  
So please, do not disturb, nah  
So please, do not disturb...
