DC Young Fly

Gold, Gold-Gold Sauce

You a little tired of me, and I'm a little tired of you (sheesh)  
)

Starting to remind me of my ex, the way you got a nigga stressed, yeah

Think it's about time to leave, find a little something new (sheesh)

Find a bitch that do just what you wont do, that don't mean I want to

On the low, everywhere that I go, they be on it, mmh-hm  
They be tryna have a nigga out here living in the moment, oh  
I be holding onto something and I don't know if I want it  
You say, "Make up your mind", girl you running outta time

Don't know if I'm over your body, don't know if I can leave it like that

If I ever see you with somebody, I'm gon' want you back

Don't know if you that somebody, can't let another nigga get that (whoa)

I don't wanna go insane, 'cause we got a good thing, yeah

Oh-la, oh-la-eh, oh-la, oh-la

Oh-la, oh-la-

eh, yeah, what's it good, we got a good thing, yeah

You should make time for me (oh yeah), I should make time for you (oh yeah)

I just wanna get your little body on the table, let's discuss some things we could do
