TrenchWerk
Whoa

These niggas keep talking I'ma pull up right quick
The niggas not gonna fool with me
There's a whole lot of eulogies, whoa
Fuck around, get fucked up right quick
I'ma hop out with extensions, chopper have a nigga missin'
Nigga tryna run up a check right quick yeah
Go so many niggas that's not here no more
I ain't taking no more losses
These niggas don't wanna be bosses

Oh, nah (I'm really sick of all this shit)
Oh nah, these niggas, they came with the shits
Oh nah, somebody pass another clip
These niggas in trouble
"Whoa", in Bernie Mac voice
Got so many different strap choice
Hoppin' out like the task force
Choppa hit a nigga car, tore his ass up
Head hit the dashboard
Damn, now we stuck in traffic
Now, that what he ask for
Tryna to take me to my old ways
Geeked off the molly, that's a cold case
Better ask about me, tryin' me is no way
If I pull up without a mask, that's a shell case

These niggas keep talking I'ma pull up right quick
The niggas not gonna fool with me
There's a whole lot of eulogies, whoa
Fuck around, get fucked up right quick
I'ma hop out with extensions, chopper have a nigga missin'
Nigga tryna run up a check right quick yeah
Go so many niggas that's not here no more
I ain't taking no more losses
These niggas don't wanna be bosses
