

Westside Connection

DC Young Fly

Ha ha
What up?
Look

I'm a nigga from the westside
A-T-L-A-N-T-A, nigga that the best side
Now nigga don't try me
The only thing you need [?] (yeah)
Bitches from the east to the west coast
She's never been up on a cruise but a sex boat
Niggaggas what you got up on a petrol?
Fuck it and then ride it up to the next shore
I flew to Cali just to find me the best smoke
A couple bitches that was dying and then let go
Four couples of south niggas whose mouth grillin'
And they came from the east side and they out with it

Han? They like who that? (who that?)
A young Atlanta nigga westside thought you knew that (for real?)
Han? They like who that? (who that?)
A young Atlanta nigga westside thought you knew that (for real?)
Han? They like who that? (who that?)
A young Atlanta nigga westside thought you knew that (for real?)
Han? They like who that? (who that?)
A young Atlanta nigga westside thought you knew that (for real?)

Shake that ass for a nigga from the westside
Drive the beat, once again that's the best side
Throw a party, keep it cool, can't get sick now
Come my niggas, [?], and they miss now
See them bitches on the table with bottles
And my niggas upgraded for fucking ratchets tomorrow
So what are you saying though?
Where I'm from and where I'm staying though
For the ones who thank me playing tho in Atlanta and I'm spraying hoe
So free me with the fuck shit
Know that, I squeeze these when it's fuck shit
Hold that, but when it's south it ain't dumb
Bitch we gotta keep it ninety-nine plus one
Bitch wet, know that

Han? They like who that? (who that?)
A young Atlanta nigga westside thought you knew that (for real?)
