DC Young Fly

I'm a nigga from the West Side
ATL and ATA, nigga, that the best side
Zone nigga, don't try me
The only thing you need now to live is an IV
Got bitches from the East to the West Coast
She never been up on the cruise by the sex boat
Need gas, what you got up on the petrol?
If you ain't fuckin', not invited to the next show
I flew to Cali just to find me the best smoke
A couple bitches that was dyin' to let go
For a couple of south niggas who mouth gritty
And they came from the East and they out with it

Huh? They like, "Who that, who that?"
A young Atlanta nigga, West Side, thought you knew that
Huh? They like, "Who that, who that?"
A young Atlanta nigga, West Side, thought you knew that
Huh? They like, "Who that, who that?"
A young Atlanta nigga, West Side, thought you knew that
Huh? They like, "Who that, who that?"
A young Atlanta nigga, West Side, thought you knew that

Shake that ass for nigga from the West Side
Drop the beat, once again, that's the best side
Throw a party, keep it cool, can't get shut down
Cause my niggas cashews in their nuts now
See them bitches on the table with bottles
And my niggas upgraded from fuckin' ratchets to models
So what you sayin' though?
Where I'm from and where I'm stayin' though
For the ones who think we playin' though
Atlanta and I'm sprayin', ho
So free me with the fuck shit
Know that, I squeeze these when it's fuck shit
Hold that, but when it's all said and done
Bitch, we gotta keep it ninety-nine plus one
Bitch, what? Know that

Huh? Nigga, "Who that, who that?"
A young Atlanta nigga, West Side, thought you knew that
Huh? They like, "Who that, who that?"
A young Atlanta nigga, West Side, thought you knew that
Huh? They like, "Who that, who that?"
A young Atlanta nigga, West Side, thought you knew that
Huh? They like, "Who that, who that?"
A young Atlanta nigga, West Side, thought you knew that
